

PRODUCT DESCRIPTION**Duckhams Classic Q SAE30**

Duckhams Classic Q SAE 30 is a high-quality monograde engine oil developed for vintage and classic engines that require a straight-grade lubricant. It is ideal for older vehicles where modern oils may not be suitable, helping to maintain engine originality and performance. The formulation ensures smooth operation and dependable protection for classic engines under normal driving conditions.

FEATURES AND BENEFITS

- Designed specifically for vintage and classic vehicles
- Provides consistent lubrication for steady engine performance
- Helps reduce wear and supports long engine life
- Keeps engine parts clean and free from harmful build-up
- Ideal for engines that require traditional oil types without modern additives

VI	-	108
CCS	cP	N/A
TBN		5
Sulphated Ash	%	1.5
Colour		Clear Amber
Flash (Closed)	°C	229
Pour Point	°C	-33

HEALTH, SAFETY AND ENVIRONMENT

Based on available information this product is not expected to present a significant health and safety hazard when used in the recommended applications and in accordance with the recommendations in the Safety Data Sheet. Safety Data Sheet available on request through your sales agent, or from the internet. Avoid prolonged or repeated contact with engine oils. Wash skin thoroughly after contact.

Protect the environment. Dispose of product and packaging in accordance with local regulations.

STORAGE AND HANDLING

Packed lubricants should be stored under cover. Where outside storage of drums is unavoidable, they should be laid horizontal to avoid water ingress. Product should not be stored in direct sunlight or excessively high, or low, temperatures. Duckhams can provide professional advice on the storage of lubricants.
