

## **DUCKHAMS QS 10W-40 RMV**

### **PRODUCT DESCRIPTION**

Duckhams QS is a range of high-performance engine oils, formulated using modern additive technology and high-quality virgin base oils to meet current specifications and provide advanced protection for modern passenger cars.

Duckhams QS 10W-40 RMV is a semi synthetic, high performance 10W-40 oil, suitable for petrol and diesel vehicles including those with fuel injected and multivalved engines.

### **FEATURES AND BENEFITS**

- Semi-synthetic 10W-40 formulation provides a balance of performance and protection for both petrol and diesel engines, ensuring reliable operation.
- Formulated with modern additive technology and high-quality virgin base oils to deliver advanced engine protection and enhance performance.
- Suitable for both petrol and diesel vehicles, including those with fuel-injected and multivalve engines, offering versatile use across a wide range of cars
- Meets current specifications, ensuring compliance with the latest industry standards for optimal engine protection and efficiency.
- Reduces engine wear and tear, promoting smoother operation and extending the lifespan of engine components.
- Improves fuel efficiency and reduces emissions, making it an environmentally friendly option for modern vehicles.

### **SPECIFICATIONS AND APPROVALS**

Recommended for vehicles requiring 10W-40 oils meeting the following specifications:

**ACEA A3/B4; API SP/CF; RN0700, RN0710; MB 229.3;**

**MB 226.5; PSA B71 2300; VW 501.00 / 505.00**

## TYPICAL PHYSICAL CHARACTERISTICS

Test	Unit	Typical
Density @ 20°C	Kg/m <sup>3</sup>	0.866
KV100	cSt	13.9
KV40	cSt	96.5
VI	-	146
CCS	cP	6868
TBN	mgKOH/g	11.1
Zn	%	0.108
Ca	%	0.127
Colour	Visual	Clear Amber
Flash	°C	212
Pour Point	°C	-42

Typical physical characteristics are provided as an indication of properties based on current production data only, and should not be construed as a specification. Acceptable variation may occur during the manufacturing process without affecting the performance of the lubricant. This data can change without notification. Current version of this data supersedes all previous versions.

## HEALTH, SAFETY AND ENVIRONMENT

Based on available information this product is not expected to present a significant health and safety hazard when used in the recommended applications and in accordance with the recommendations in the Safety Data Sheet. Safety Data Sheet available on request through your sales agent, or from the internet. Avoid prolonged or repeated contact with engine oils. Wash skin thoroughly after contact.

Protect the environment. Dispose of product and packaging in accordance with local regulations.

---

## STORAGE AND HANDLING

Packed lubricants should be stored under cover. Where outside storage of drums is unavoidable, they should be laid horizontal to avoid water ingress. Product should not be stored in direct sunlight or excessively high, or low, temperatures. Duckhams can provide professional advice on the storage of lubricants.
