

DUCKHAMS QS 5W-30 FJL

PRODUCT DESCRIPTION

Duckhams QS is a range of high-performance engine oils, formulated using modern additive technology and high-quality virgin base oils to meet current specifications and provide advanced protection for modern passenger cars.

Duckhams QS 5W-30 FJL is a fully synthetic, high performance 5W-30 oil, for Ford DuraTec, DuraTorq and Zetec vehicles, offering the fuel economy benefits of an ACEA A5/B5 oil.

FEATURES AND BENEFITS

- Fully synthetic 5W-30 formulation provides high performance, ensuring excellent protection for modern engines across a wide range of driving conditions.
- Formulated with modern additive technology and high-quality virgin base oils to enhance engine longevity and deliver superior protection.
- Specifically designed for Ford DuraTec, DuraTorq, and Zetec engines, ensuring optimal compatibility and performance for these specific vehicle types.
- Offers the fuel economy benefits of ACEA A5/B5 oil, helping to improve fuel efficiency while maintaining excellent engine protection.
- Meets current specifications, ensuring compliance with the latest industry standards for advanced engine protection and reduced wear.
- Reduces engine friction and wear, promoting smoother engine operation and extending the lifespan of engine components.

SPECIFICATIONS AND APPROVALS

Recommended for vehicles requiring 5W-30 oils meeting the following specifications:

API SL/CF; ACEA A5/B5; Ford WSS-M2C913-A / B /C; STJLR.03.5003; RN0700

OEM Approval: Ford WSS-M2C-913-D

TYPICAL PHYSICAL CHARACTERISTICS

Test	Unit	Typical
Density @ 20°C	Kg/m ³	0.853
KV100	cSt	9.6
KV40	cSt	53.9
VI	-	166
CCS	cP	3998
TBN	mgKOH/g	10.1
Zn	%	0.108
Ca	%	0.271
Colour	Visual	Clear Amber
Flash	°C	209
Pour Point	°C	-42

Typical physical characteristics are provided as an indication of properties based on current production data only, and should not be construed as a specification. Acceptable variation may occur during the manufacturing process without affecting the performance of the lubricant. This data can change without notification. Current version of this data supersedes all previous versions.

HEALTH, SAFETY AND ENVIRONMENT

Based on available information this product is not expected to present a significant health and safety hazard when used in the recommended applications and in accordance with the recommendations in the Safety Data Sheet. Safety Data Sheet available on request through your sales agent, or from the internet. Avoid prolonged or repeated contact with engine oils. Wash skin thoroughly after contact.

Protect the environment. Dispose of product and packaging in accordance with local regulations.

STORAGE AND HANDLING

Packed lubricants should be stored under cover. Where outside storage of drums is unavoidable, they should be laid horizontal to avoid water ingress. Product should not be stored in direct sunlight or excessively high, or low, temperatures. Duckhams can provide professional advice on the storage of lubricants.
